SEUREI - NOT RELEGISE TO

DIRECTOR OF CENTRAL INTELLIGENCE Economic Intelligence Committee

March 3, 1982

MEMORANDUM FOR:

Chief 25X1A

Intelligence Branch, CRD

FROM

Ian H. MacFarlane, Executive Secretary

Economic Intelligence Committee

SUBJECT

: EIC Documents Being Reviewed for Downgrading

or Declassification

- 1. Documents from the 1950s of a type similar to EIC-SR-1 may be declassified. We find no classified or sensitive material in the sample (EIC-SR-1) and have no reason to continue the classification.
- 2. You may downgrade EIC-SR-3 (30 June 1955) from SECRET/NOFOREIGN to CONFIDENTIAL/NOFOREIGN. Material in the text does not appear to require classification at this date but some of the references in the source list should remain classified for a time.
- 3. The Chairman of the Economic Intelligence Committee has made the determination that you must go back to INDIVIDUAL EIC member Agencies for clearance/approval in downgrading or declassifying reports such as the working paper on Chinese Railroads where Agencies have made separate comments within the text and identified those comments as their Agency's view.
